

10 Ways To Help Us Help The Animals

- Schedule a speaker from our agency to talk to your clubs, lunch forums, neighborhood groups, religious gatherings, and scout groups
- Place donation canisters wherever you do business (or pleasure), such as your office, grocery store, dry cleaners, bar, restaurant, and gym
- Volunteer time to walk the dogs, play with the cats, man an exhibit, bathe puppies, spearhead a special event or serve in any of our other volunteer programs
- Coordinate fundraising projects, like bake sales, happy hours, or fashion shows
- Post fliers about our services or events at your apartment complex, office, or club
- Offer to drive your neighbor's unspayed pet to a low-cost clinic (we'll help you find one)
- If your company, church, school, sorority, fraternity or club donates to charities, add us to their receiving list
- Donate money (always extremely useful)
- If your company matches employee donations to charities, make sure we're on their list
- Find out if we could use any of the services or products your company produces.
