

## You Don't Have To Find A Four-leaf Clover To Get Lucky

You can get "Lucky" any day of the week when you visit the local animal shelter. Just march right in and look at all the adorable dogs and cats we have available for adoption. They're looking for someone like you who can make a lifetime commitment to their health and well-being. In return, they'll give you unconditional love, companionship, and constant devotion. So when you get "Lucky," they get lucky too. They get a new home with someone who cares.
